INTERREG Europe 2014-2020

Valid dates:

01 Jan 2014 to 31 Dec 2020

INTERREG Europe 2014-2020 supports interregional cooperation. It co-finances projects where public authorities from different regions work together for 3 to 5 years on a shared policy issue. Calls are launched regularly.

It also co-finances thematic platforms where public authorities can find information to help implement their policies in the four themes of the programme, including low-carbon and resource-efficiency.

Interested cities should follow up the calls.

If you wish to benefit from this programme, please see the [INTERREG EUROPE website](#).
