

By Roberto Tomasi / Updated: 20 Feb 2017

SIMPLA

SIMPLA supports local authorities in harmonising their SEAPs and SUMPs.

The project targets small and medium-sized municipalities with a population between 50.000 and 350.000 inhabitants proposing a four-step approach to foster harmonised planning.

Dedicated training and coaching sessions, based on a sound methodology devised at transnational level, lead to the joint development of sustainable energy and mobility plans.
