FREVUE - ELIPTIC Workshop

Subtitle:

Use of public transport electric infrastructure for charging of urban freight vehicles

Wednesday 13 September 2017, 10:00 to 17:00

Barcelona,

Past event

Information / Description:

The EU projects FREVUE & ELIPTIC are holding a joint workshop for local authorities in Barcelona on Wednesday 13 September.

Held in cooperation with local partners in Barcelona, the workshop will explore the use of public transport electric infrastructure for charging urban freight vehicles. Cities interested in this topic are encouraged to attend.

The workshop will start with a presentation on both projects and of specific case studies, including Barcelona. These will be followed by an interactive session.

In the afternoon, participants will take part in a site visit showing them the charging infrastructure around city.

Attending the workshop is free. However, the number of places is limited. To participate, please register using the link provided.

Representatives of cities may be eligible for the reimbursement of travel costs. For more information, please contact Polis - TMourey@polisnetwork.eu.
