Past event

Information / Description:

This is the principal annual event for all those involved in turning the [Sustainable Urban Mobility Plan concept](#) into practice. The final version of the Conference Programme is now available, which includes speaker updates and additional information regarding the excursions and closing plenary.

Combine your visit to the conference in Bremen and Germany with other sustainable mobility events taking place at times directly before and after the 3rd European Conference on Sustainable Urban Mobility Plans:

- [CIVITAS Training on Inclusive Mobility, Monday 11 April 13:00h-17:30h](#). Learn from the experts: Arzu Tekir (WRI Ross Institute for Sustainable Cities) and Els Vandebroek (Mobiel 21)
- [The Embracing Active Travel for Health Conference](#)
- [The launch of the European Urban Transport Roadmap 2030 tool](#)

In addition, on 14-15 April 2016 the [SOLUTIONS conference "Transport in action: boosting the takeup of sustainable urban mobility solutions"](#) conference and national Kick-Off of Germany's European Mobility Week (EMW) will be taking place in Berlin.

The SOLUTIONS project supports exchange on innovative and green urban mobility solutions between cities from Europe, Latin America and the Mediterranean.

Every year more than 2000 local governments from across Europe participate in the EMW from 16-22 September. The kick-off event therefore offers the perfect opportunity for local governments and actors in the field of sustainable urban mobility in Germany to learn more about EMW and what can be achieved by cities and towns that participate. To register visit: <https://www.umweltbundesamt.de/anmeldung-nationale-kick-off-veranstaltung-zur>

Should you have any enquiries, then please contact the SUMP conference secretariat.
