BESTUFS' (BEST Urban Freight Solutions) third Best Practice Handbook and Clustering Report available

Submitted by News Editor on 18 Mar 2003

Body:
The Best Practice Handbook Year 3 (2002) is on the themes of Road Pricing and Urban Freight and Urban Distribution Platforms, and the Recommendations will follow in March 2003. BESTUFS (BEST Urban Freight Solutions) is a thematic network addressing all aspects of urban freight transport. It aims at establishing an open European network of stakeholders (freight transport experts, users, projects, cities, the European Commission, and national transport administrations) in order to identify and disseminate best practices with respect to the development of goods transport in urban areas. The BESTUFS project started in 2000 (with a duration of 4 years) and is funded by the European Commission in the FP5 under the Key Action Competitive and Sustainable Growth.
