Body:

The calls for [contributions](#), [exhibitors](#) and [sponsors](#) are currently open for this year's CIVITAS Forum closing 31 May 2019. For more information about the event, including the draft programme and full details on travel and accommodation, visit the event page [here](#).

The 17th edition of Europe's top sustainable urban mobility event will gather the leading figures in the field to debate and analyse the most pressing mobility topics and witness the pioneering solutions bringing cleaner, better transport to Europe.

In recognition of how mobility in Europe has changed since the first ever CIVITAS Forum in Graz 16 years ago, the year's Forum has chosen to go 'back to the future' and look at the interplay between new technology and classic mobility solutions in the present day.
