Public and stakeholder involvement

Body:

The Guidelines for developing and implementing a Sustainable Urban Mobility Plan (2nd edition) have now been converted to an online booklet available [here](#) on the Eltis portal.

Using the online guidelines, stakeholders and practitioners can navigate detailed documents that contain good practice examples from across Europe, linking activities and essential tasks together, as well as providing practical checklists for the reader. The booklet can be accessed using the Mobility Plans box on the top right-hand side of the banner menu on the Eltis site.
