Arnhem-Nijmegen,

Past event

### **Information / Description:**

**The 2020 Polis Annual Conference will be held virtually from 30 November to 3 December.**

The Polis Annual Conference provides an opportunity for cities and regions to showcase their transport achievements to a large audience of mobility experts, practitioners and decision-makers.

The conference will explore various questions;

- What are the underlying mechanisms of behavioural change?
- Is COVID-19 a life-changing moment that offers an opportunity for adapting deeply rooted mobility habits and moving onto a fast track towards sustainable change?
- What are the underlying socio-economic aspects that determine the acceptance of new mobility measures by citizens?
- Or do we just need political will and courage?

These questions will be discussed by **Daniel Helldén**, Vice-Mayor of Stockholm, **Giulio Mattioli**, transport researcher at the Dortmund Technical University, **Lucy Saunders** of Healthy Streets, and **Mirjam van Coillie**, Director of Marketing & Innovation from Dutch bike manufacturer Gazelle.

The keynote speaker will be **Maarten Tjallingii**, Dutch former professional cyclist and advocate of sustainable mobility.
