Subtitle:

Digital Platforms - the New Network Industries? How to regulate them?

Thursday 20 June 2019 at 09:00 Friday 21 June 2019 at 14:00

Firenze,

Past event

Information / Description:

Submit your abstract before 13 January, 2019 using this link:

<https://rscas.eu/view-form/8th-conference-on-the-regulation-of-infrastru...>

The Florence School of Regulation (FSR), at the European University Institute (Florence), is a centre of excellence for independent discussion and dissemination of knowledge in regulation and policy.

The 'Annual Conference on the Regulation of Infrastructures', organised every June by the FSR, brings together all research areas of the FSR to discuss current challenges in the regulation of the infrastructure industries. This eighth edition aims to identify the key challenges of digitalisation for traditional network industries; discover various regulatory approaches to platforms and determine benefit scenarios for consumers and to the platforms itself.

Dates and place of the conference: June 20-21, 2019, Florence (Italy)

Call for abstracts is open until January 13, 2019, submission link and all information is available here:
