CARE-North plus Final Conference

Wednesday 15 April 2015 at 09:00 Thursday 16 April 2015 at 17:00

Bremen,

Past event

Information / Description:

The aim of the CARE-North plus project is to develop a comprehensive, strategic and practical approach to urban and regional transport/accessibility in the North Sea Region in the context of climate change and declining oil supplies.

Scenario building about the future of urban mobility under various circumstances, shared mobility, further developing the cycling culture in the North Sea Region and the potential of e-mobility have, among other things, been a focus of the project. At the final conference, these ideas, lessons learned and more will be shared with you.
