## **[CEMOBIL final congress](#)**

Wednesday 16 September 2015 at 08:30 Thursday 17 September 2015 at 18:00

Klagenfurt,

Past event

### **Information / Description:**

This international congress will give an update on e-mobility in Europe (and in the USA) by providing best practice examples from cities and regions, brand new studies, a life-cycle analysis based on key data, as well technical and marketing know-how.

Multidisciplinary discussions on the role of 'green' forms of travel in cities of tomorrow promise worthwhile debate, while an exhibition and a CIVITAS training session will guarantee that delegates' knowledge repositories will be fully recharged. The congress will also undertake every effort to earn the 'Green Meeting' eco-label.

Timely reservations and expressions of interest in giving a talk or in exhibiting a poster to: [congress@cemobil.eu](mailto:congress@cemobil.eu).

There is an EarlyBirdBonus for delegates registering until 15 July.
