Past event

### **Information / Description:**

This annual event brings together the CIVITAS community from across Europe: hundreds of mobility experts, actors and stakeholders, all of whom are devoted to the development of sustainable urban mobility in their cities.

The 15th edition of the CIVITAS Forum Conference will continue the tradition of offering state-of-the-art presentations, interactive workshops and sessions, interesting site visits, and new innovative elements in the programme.

The city of Torres Vedras, one of Portugal's leading examples in sustainable urban development, was chosen to host the CIVITAS Forum 2017 because of its active involvement in CIVINET Portugal-Spain and the CIVITAS Political Advisory Committee, demonstrating a strong political commitment to sustainable mobility issues and to the CIVITAS Network.

In 2015 the city was awarded the European Green Leaf, a new EU-led competition for small and mid-sized towns and cities recognising commitment to the environment while encouraging growth and employment. The city was particularly commended for improving mobility, enhancing water management and working to preserve biodiversity.

Further details of registration, programme and calls for speakers on the event can be found on [civitas.eu](http://civitas.eu)
