Monday 07 October 2019 at 09:00 Wednesday 09 October 2019 at 17:00

Helsinki,

Past event

### **Information / Description:**

Digital Transport Days 2019 will be held in Helsinki this year, organised by European Commissioner for Transport Violeta Bulc, in cooperation with the Finnish Presidency of the Council of the European Union.

The conference will offer a European viewpoint on digital solutions for transport and mobility. The conference will explore the latest developments in the field, to help define and implement enabling policies, as well as developing customer-oriented services.

The conference welcomes public officials, experts, industry and service providers to visit the exhibition and test new prototypes.

For any questions and comments, contact the European Commission at [info@digitaltransport.eu](mailto:info@digitaltransport.eu).

Further information will follow soon.
