Information / Description:

The **Policy Conference** takes place in Brussels between **5 and 7 June 2018**. Under the tagline "Lead the clean energy transition", the programme features over 50 sessions hosted by stakeholders from throughout the EU, and by representatives from the European institutions.

At the **Networking Village**, participants can take part in discussions and one-to-one networking sessions, listen to project pitches, enjoy the interactive presentations and exhibitions, and get inspired by new ideas.

Attendees can also watch the Opening session with keynote speakers as well as attend the prestigious **EU Sustainable Energy Awards Ceremony**, which recognises the most outstanding European energy projects.
