[European Zero Emission Bus Conference 2020](#)

Tuesday 07 April 2020 at 09:30 Wednesday 08 April 2020 at 16:30

Paris,

Past event

Information / Description:

Please note that the conference scheduled to take place on 07-08 April 2020 has been postponed due to the COVID-19 pandemic. The event will now take place at a later date which is to be confirmed. Please visit the event [website](#) for the most up-to-date information.

Join the zero-emission bus conversation in Paris where we will again bring together manufacturers, operators, policy-makers and industry to discuss decarbonisation of public transport. The agenda will present the current status of for zero-emission buses, as well as the challenges and opportunities in the future, and It will address the key issues that we face.

The Paris Zero Emission Bus (ZEB) Conference follows the successful 2nd edition held in Cologne, Germany, in November 2018. Over 360 global stakeholders representing 220 organisations attended the event. Expert speakers debated routes to commercialisation and discussed technological readiness of the two zero-emission options: battery and fuel cell buses.

ZEB 2020 will call on European manufacturers, policy-makers and operators to scale up their zero-emission ambitions to become global leaders in the transition to a zero-emission society.
