Delft,

Information / Description:

Please note - this event has been postponed from March 2020 to 08 October 2020 as a result of the COBVID-19 pandemic. Please visit the event website for further information.

The third edition of Future Urban Mobility is happening on 08 October 2020 and expects to attract more than one hundred directors, managers and policy officers. Networks, knowledge sharing and inspiration are central to the event.

Several keynote speeches will make up the agenda:

- Charging the city
- Road safety in the city
- Value of mobility for real estate development
- Deployment of innovative solutions
- Mobility of tomorrow

These talks will address the challenges and opportunities in the future of urban mobility.
