Information / Description:

The ICTS 2022: 16 International Conference on Transportation Systems will take place this year in Stockholm, Sweden from 12-13 July 2022.

The International Conference on Transportation Systems aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of transportation systems. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of transportation systems.

The International Research Conference is a federated organisation dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will be run during the conference depending on the number and length of the presentations.

Call for papers’ deadline is **31 March 2022** and final paper submission and early bird registration deadline is **14 June 2022**.
