IMPACT>MOBILITY

Monday 24 June 2019 at 09:00 Tuesday 25 June 2019 at 17:00
Amsterdam,
Past event

Information / Description:

IMPACT>MOBILITY aims to unite the urban transportation ecosystem to deliver on-demand low-emission mobility services and create a sustainable business model for its emerging players.

Europe is undergoing a revolution in urban mobility, as cities outlaw ICE vehicles to meet ambitious zero-emission targets, whilst working to meet the evolving needs of the on-demand consumer.

From Mobility as a Service and final mile logistics to public transportation and E-mobility, data will be the critical enabler bringing together fragmented stakeholder groups and ushering in a new era of urban transportation. Data will be the critical enabler bringing together fragmented stakeholder groups and ushering in a new era of urban transportation.

Join executive leaders from stakeholders across the value chain for two days of focused content to discuss, debate and shape the future of urban mobility.
