IT-TRANS 2020

Tuesday 03 March 2020 at 09:00 Thursday 05 March 2020 at 15:00

Karlsruhe,

Information / Description:

IT-TRANS is one of the leading intelligent urban transport systems conferences where the sector meet to exchange, discuss and invent digital solutions. Experts from around the globe will address key issues such as artificial intelligence and internet of things (IoT), autonomous vehicles, on-demand and shared mobility, data ownership and mobility as a service (MaaS).

For more than a decade, IT-TRANS has been attracting transport operators, city officials, transport authorities and industry suppliers to discover, experience and discuss the latest technological innovations for public transport.

In 2020, the conference will revolve around six main themes which grasp current priorities, challenges and opportunities:

- Cyber Security
- Enabling New Mobility Services and MaaS
- Customer Relations
- Operations and Maintenance
- Data and the API Economy
- Ticketing and Payment

For more information about the conference, please visit the event [website](#).
