London,

Past event

Information / Description:

MOVE brings together disruptors and their technologies with stakeholders across all modes and disciplines, to create insights and promote collaboration. MOVE is multi-disciplinary, connecting start-ups with investors and corporate partners. In 2019, over 200 start-ups presented, pitched and found partners.

MOVE is where mobility is re-imagined. It aims to provide solutions to the following global mobility challenges:

- Unsustainable urban population growth
- Under-investment in infrastructure
- Congestion
- Models and mode no longer fit for purpose
- Poor urban air quality

Through bringing together cutting edge technology providers and investors, MOVE aims to promote new and under-represented modes, world-leading solutions, sustainability and urban regeneration.

Speakers include representatives from the following organisations:

- Toyota AI Ventures
- Southeastern Railway
- Hogan Lovells
- Arriva Group
- Renault - Nissan
