Past event

Information / Description:

Join us in Sydney in May 2013 for the National Urban Policy Conference, the first in a series of biennial events being convened by the Australian Housing and Urban Research Institute (AHURI) in partnership with the Australian Government.

Together with a number of highly regarded Conference Ambassadors and expert Program Advisors, AHURI is presenting a conference that develops and sustains evidence-based discussion on issues such as urban growth and renewal, infrastructure funding, energy use, economically productive cities, housing affordability, and freight, commuter and passenger transport.

Programme

The [programme](#) has been designed to give you access to a range of expert speakers, but importantly, through face-to-face conversation and the conference app, will provide you with the opportunity to actively participate in the conversation.

Conference app

The official app for the National Urban Policy Conference is now available.

Download it now and have instant access to the latest news, speaker information and conference downloads. The app will also be your essential tool for actively participating in all sessions at this important two-day event.
