[Online: Sustainable Mobility Digital Conference & Networking Event](#)

Tuesday 26 May 2020, 14:00 to 17:00

Past event

Information / Description:

Sustainable Mobility Digital Event is a platform for conference sessions and interesting speed networking breaks, where participants will focus on the newest challenges that the industry faces and how we can overcome it, market trends, technologies, innovations, and general future outlook.

Expand your network by connecting to senior management of Mercedes Benz, Ford, AVL, IONITY, Volkswagen, Microlino, Pininfarina, Honda and many more during the speed networking breaks & conference sessions.

Stay tuned with 2 live panel discussions on ELECTRIFICATION - Future of eMobility and Sustainability, engage by participating in a Q&A through a global chat and Polls!

The purpose of the Sustainable Mobility Digital event is not only to gain knowledge but also to offer plentiful networking opportunities which will give you a chance to meet automotive industry experts. After each session, we will have a speed networking break where you will have a total of 14 face-to-face business meetings.

We want you to get the most out of this event and feel almost as if you are attending a physical event. So get ready, turn on your camera and come to the digital world!
