Tuesday 07 April 2020 at 09:00 Thursday 09 April 2020 at 17:00

Sofia,

Information / Description:

Please note that the conference scheduled to take place on 07-09 April 2020 has been postponed due to the COVID-19 pandemic. The event will now take place at a later date which is to be confirmed. Please visit the event website for the most up-to-date information.

seeSUSTAINtec is the only event in Bulgaria that successfully combines the crucial topics of Waste Management & Recycling, Energy Efficiency & Renewables and Smart Cities into one event. seeSUSTAINtec aims to bring more innovations into the region and to disseminate environmental knowledge, which will inspire more key industry players for a sustainable change.

This event draws in managers, entrepreneurs, marketing and sales experts, consultants and specialists working in a range a fields covering smart grids, trade and logistic ICT applications, internet of things (IoT) and more. Smart Cities will be categorised into four distinct groups:

- Energy efficiency in smart cities and smart buildings
- Sustainable city mobility
- Information and communication technologies for smart cities
- Smart energy

For more information, please visit the event [website](#).
