[SUMP in Europe: best practices and multi-level governance](#)

Thursday 26 October 2017, 12:50 to 17:30

Brussels,

Past event

Information / Description:

The Conference is organised by the Interreg Europe project REFORM in cooperation with the Partnership on Urban Mobility (PUM) of the EU Urban Agenda and the European Platform on Sustainable Urban Mobility Plans.

The event is mainly intended for cities and public authorities, who will have the opportunity to learn and exchange knowledge on how to organise, plan, and implement a SUMP according to the EU's SUMP guidelines. They will also be able to learn from the experiences of EU cities and regions who have already successfully developed their own SUMPs.

Materials from the event will be made available afterwards on the [REFORM website](#) and the [Interreg Europe Policy Learning platform](#).
