## **[Zero Emission Bus Conference](#)**

Tuesday 23 March 2021 at 09:00 Wednesday 24 March 2021 at 17:00  
Paris,

### **Information / Description:**

The Paris Zero Emission Bus Conference follows the successful 2nd edition held in Cologne, Germany, in November 2018. Over 360 global stakeholders representing 220 organisations attended the event.

Expert speakers debated routes to commercialisation and discussed technological readiness of the two zero-emission options: battery and fuel cell buses.

ZEB 2021 will call on European manufacturers, policymakers and operators to scale up their zero-emission ambitions to become global leaders in the transition to a zero-emission society.

The event will take place on **23-24 March 2021**.
