SUMPs-Up Mobility Practitioners Webinar: Integrating SUMPs into urban planning and climate work

Date of Production:
14 Nov 2019

Topic:
Policy and research
Scheme appraisal
Urban mobility planning
Other

This mobility practitioner webinar from CIVITAS SUMPs-Up focuses on how to integrate SUMPs into urban planning, climate and energy strategies.

Alongside CIVITAS SUMPs-Up experts, a presentation is given by the SIMPLA project, which harmonised Sustainable Energy Action Plans (SEAPs) and SUMPs.

The City of Lahti (Finland) also introduces its "Lahti Direction" urban development plan, which integrated mobility and land-use planning.
