- Attendee
- Speaker
- Exhibitor
- Organiser of side event/back to back

Registrations: update

Currently over 300 registrations

The screenshot shows the Eventbrite interface for the event. At the top, there is a search bar and navigation links for 'BROWSE EVENTS', 'HELP', 'RALF', and 'CREATE EVENT'. The main event card features a yellow header with the title '5th European Conference on Sustainable Urban Mobility Plans' and the dates '14-15 MAY | NICOSIA, CYPRUS'. Below the header is a colorful illustration of a city skyline. The event title is repeated on the right side of the card, along with the price 'Free' and a green 'REGISTER' button. The 'DESCRIPTION' section contains the following text:

Registration is now open for the European Commission's 5th European Conference on Sustainable Urban Mobility Plans (SUMPs) on 14-15 May in Nicosia, Cyprus. This is Europe's leading annual event for all those involved in putting the SUMP concept into practice. It serves as a forum for policy makers and academics across Europe to network, debate key issues and exchange ideas on sustainable urban mobility planning. Attendance is free of charge.

In line with the European Commission having dedicated the year 2018 to the promotion of multimodality, the theme of this year's conference is multimodality, with a focus on the integration of transport modes and combined mobility solutions for passengers and freight in cities and regions.

The conference is co-funded by the European Commission in cooperation with the Municipality of Nicosia and the Ministry of Transport, Communications and Works of the Republic of Cyprus.

The 'DATE AND TIME' section lists: Mon, 14 May 2018, 08:00 – Tue, 15 May 2018, 18:00 EEST, with an 'Add to Calendar' link. The 'LOCATION' is Filozenia Conference Center, Kareas, Aglantzia (Nicosia), Cyprus.

Information to participants

- Link to hotel booking
- Link to shuttle booking
- Request: fly to official airports

Information for session coordinators, moderators
and speakers

Mailing by the end of March on:
