REFORM Learning Events

During November-January, a wide range of staff within each of the four REFORM regions are participating in a range of training sessions designed to help support them in their understanding of the SUMP development process.

These inter-organisational learning events have been specially designed as 'train the trainer' sessions so that the individuals who attend these sessions are then able to 'train' additional people within their specific region. This has the aim of increasing regional awareness of the SUMP process and the integration of SUMP measures in regional planning activity.

The courses have been developed and are delivered by the external consultant Mott MacDonald supporting the REFORM consortium on this task.

4-5 of November 2017
Staff Members of RCM

11-12 of December 2017
Staff Members of RER

4-5 of January 2018
Staff Members of GM

10-11 of January 2018
Staff Members of PL

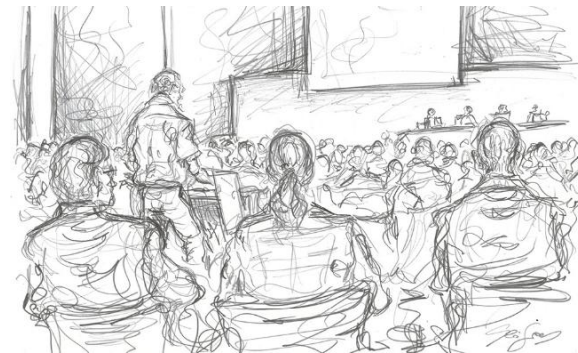

REFORM Learning Events

The next step will be the regional “trainers” to train the Municipalities or other Authorities’ Staff in order to ensure the good quality of the developed SUMP and the productive cooperation between Municipalities and Regions. These training events will take place in RCM and RER where local SUMP are going to be implemented.

6 of March 2018 : Training Events for Municipalities Staff of RER

7-8 of March : Training Events for Municipalities Staff of RCM
