DIPL.-ING. JENS VOGEL

SUMP CONFERENCE 2019
18/06/2019, GRONINGEN
Hessen wird Vorreiter der Verkehrswende

NEW STRATEGY

www.mobileshessen.de
“We intend to maintain the support of the municipalities in preparing mobility plans (Sustainable Urban Mobility Plan - SUMP) with our CC-SUM.”
INSTITUTIONALISATION OF SUMP IN GERMANY

- First public institution throughout Germany
- Established in January 2018
- Being founded to promote the European SUMP approach
- To support the municipalities in implementing SUMP

CC Dirk Beichert BusinessPhoto
PROMOTION OF SUMP – CC-SUM

• As a forerunner for other regions in Germany

• Creates a link between German municipalities, regional and national level and the European level

• Members of staff were in particular recruited from municipal, regional as well as state level

• Experiences and lessons learned from ENDURANCE and PROSPERITY

• Develops and implements concepts and instruments for political, administrational and professional levels filling the gap between European level guidelines and specific local needs
