Sustainable urban mobility plan

Ljubljana urban region

PLANNING | MEASURES | LESSONS LEARNED

Klemen Gostič

Regional development agency of Ljubljana urban region
TRANSPORT CHALLENGES

NEEDS FOR PuT IMPROVEMENT

EXCESSIVE CAR USE

UNDERUTILISED POTENTIAL
Ljubljana urban region will continue to offer its residents and visitors healthy, green, friendly, & smart living environment.

Lack of measures in sustainable logistics

Missing of inclusive regional spatial and transport planning
LUR SUMP TIMELINE

**Past**

Beginning of active long-term spatial and transport planning process in the region

LUR SUMP **approved on** 24 October 2018 from all 26 mayors in LUR Council

**Yesterday**

Advocacy of SUMP LUR measures

Promotion of regional SUMPs

**Today**

Inclusion of SUMP LUR measures in Regional development programme 2021-2027

**Tomorrow**

Implementation of long-term measures with various financial sources
✓ 2 workshops for **state-of-the-art analysis**
✓ Interviews with **mayors** (26);
✓ Interviews with **key regional & national stakeholders** (15);
✓ 2 workshops for **measures & action plan**

✓ **Online survey** on travel habits for general public (1.614 full answers);
✓ **5 public workshops** on transport corridors
✓ Online **GIS portal** for public
✓ Pool for rewards
✓ Integrated public transport;
✓ Harmonisation of PT timetables;
✓ Upgrade of regional lines;
✓ New bus fleet & rolling stock;
✓ Implementation of DRTS.
MOTORISED TRANSPORT

✓ Balanced transport infrastructure;

✓ Optimisation of car-use;

✓ Incentives and infrastructure for e-mobility and charging infrastructure;

✓ Parking management (payment zones, P+R regional system).
WALKING & CYCLING

✓ Investments for accessibility and walkability to PT intermodal points;
✓ Outlining regional/national cycling connections;
✓ E-bikes in regional mobility;
✓ Promotion and incentives.
✓ Optimisation & limitation of transit oriented freight transport on local roads;
✓ Promotion for sustainable urban delivery;
✓ Time windows for motorised delivery in urban areas;
✓ Long term planning of environmentally friendly regional logistic terminals.
SPATIAL & TRANSPORT PLANNING:

✓ Preparation and adoption of regional spatial plan;
✓ Inclusion of stakeholders in planning processes;
✓ Sustainable mobility promotion and awareness raising campaigns;
✓ Establishment of long-term measurement & impact assessment.
LESSONS LEARNED

✓ Prepare well by *understanding your area* of intervention

✓ Collect & build from your *policy background*

✓ Take time to *allocate regional vision* and *strategic goals*

✓ *Allocate, motivate and include your stakeholders*
